

## INSTALATION INSTRUCTIONS FOR THE GAME SECTION

### 1. UPLOAD THE FILES TO YOUR MYBB FORUM

#### 2. OPEN GLOBAL.PHP AND FIND:

```
// Run global_start plugin hook now that the basics are set up
$plugins->run_hooks("global_start");
```

```
// Set and load the language
if(!isset($mybb->settings['bblanguage']))
{
    $mybb->settings['bblanguage'] = "english";
}
```

```
// Load language
$lang->set_language($mybb->settings['bblanguage']);
$lang->load("global");
$lang->load("messages");
```

#### REPLACE WITH:

```
// Set and load the language
if(!isset($mybb->settings['bblanguage']))
{
    $mybb->settings['bblanguage'] = "english";
}
```

```
// Load language
$lang->set_language($mybb->settings['bblanguage']);
$lang->load("global");
$lang->load("messages");
```

```
// Run global_start plugin hook now that the basics are set up
$plugins->run_hooks("global_start");
```

### 3. OPEN ADMIN/USERGROUPS.PHP AND FIND:

```
tablesubheader($lang->perms_misc);
makeyesnocode($lang->can_view_mlist, "canviewmemberlist", "yes");
makeyesnocode($lang->can_send_emails, "cansendemail", "yes");
```

#### AFTER ADD:

```
tablesubheader($lang->perm_gamesection);
makeyesnocode($lang->perm_canviewgames, "canviewgames", "yes");
makeyesnocode($lang->perm_canplaygames, "canplaygames", "yes");
```

### 4. IN TE SAME FILE FIND:

```
tablesubheader($lang->perms_misc);
makeyesnocode($lang->can_view_mlist, "canviewmemberlist",
$usergroup['canviewmemberlist']);
makeyesnocode($lang->can_send_emails, "cansendemail",
$usergroup['cansendemail']);
```

#### AFTER ADD:

```
tablesubheader($lang->perm_gamesection);
makeyesnocode($lang->perm_canviewgames, "canviewgames",
$usergroup['canviewgames']);
makeyesnocode($lang->perm_canplaygames, "canplaygames",
$usergroup['canplaygames']);
```

### 5. OPEN ONLINE.PHP AND FIND:

```
// forumdisplay.php functions
case "forumdisplay":
    if($forums[$user['fid']])
    {
        if($forums_linkto[$user['fid']])
```

```

        {
            $locationname = sprintf($lang->forum_redirect_to,
$user['fid'], $forums[$user['fid']]);
        }
        else
        {
            $locationname = sprintf($lang->viewing_forum2,
$user['fid'], $forums[$user['fid']]);
        }
    }
    else
    {
        $locationname = $lang->viewing_forum;
    }
    break;

```

AFTER ADD:

```

    // games.php functions
    case "games":
        $location = my_substr($user['location'],
-strpos(strrev($user['location']), "/"));

        $locationname = sprintf($lang->viewing_gamesection,
$location);
        break;

```

6. IN THE SAME FILE FIND:

```

    case "forumdisplay":
        if(is_numeric($parameters['fid']))
        {
            $fidsql .= ", $parameters[fid]";
        }
        $user['activity'] = "forumdisplay";
        $user['fid'] = $parameters['fid'];
        break;

```

AFTER ADD:

```

    case "games":
        $user['activity'] = "games";
        break;

```

7. ACTIVATE THE PLUGIN
